PERSONAL SAFETY

Within the classrooms on this campus, you will find emergency exit maps indicating the closest exit to each classroom. If you have concerns about your personal safety while attending classes, please speak with the College Administrator and/or the College Director.

If you notice any areas of the campus that you feel are unsafe, please contact the College Administrator and/ or College Director.

The following tips and suggestions may help in ensuring your safety.

At home:

- Change the locks when you move into a new apartment.
- Use a deadbolt rather than just a safety chain.
- Know who is at your door before you open it.
- Ask for identification before letting someone into your house.

- In an apartment building, NEVER be alone in the laundry room.
- If you think someone is in your home, do not go in. Go to a neighbour's or public area and call the police.
- If you see or hear anything suspicious, call the police.

While you are out:

- Always tell someone where you are going and when you expect to return home.
- If you are going on a first date or out with someone you don't know well, plan with someone you trust to check in once you are home.
- Travel with a friend if possible. Try to avoid going out alone.
- Carry only small amounts of cash and take only the credit cards you plan to use.
- Keep your purse closed and carry it across your body or keep an arm on it.

CODE OF CONDUCT

The College community is composed of individuals with varied interests and diverse opinions. A student, by voluntarily joining the College, assumes responsibility for abiding by the standards that have been instituted according to our mission, processes, functions, and goals. To function properly, members must exhibit respect for the individual and collective rights of all those within the community.

Students who violate these principles or the rights of others are subject to disciplinary action in accordance with the Disciplinary Process. The College reserves the right to discipline any student it deems necessary to protect the safety and/or the integrity of the learning environment of the College.

CONSIDERATION FOR OTHERS

PIMT aims to provide the best possible learning environment for our students. We ask for cooperation in this endeavour. Please be considerate of fellow students to maintain a quiet learning environment and do not disturb other students. Please be especially considerate of students writing exams. Keep conversations to the social areas designated by the college.

PROFESSIONAL COMMUNICATION

PIMT students are expected to demonstrate professionalism in all forms of communication, including written, verbal, and digital correspondence.

In addition to academic writing and classroom dialogue, students are expected to use professional tone and discretion in digital formats such as email, messaging apps, and social media. Content shared online—even from personal accounts—may impact one's standing in the college or professional community.

BREAKS AND BREAK AREA

Our campus has a Break Area. This designated area is there for students to utilize and enjoy. The Break Area provides an opportunity to enjoy refreshments, review notes and take a break from the workstation. Spill-proof beverage containers, as well as re-sealable water bottles, may be permitted at the workstation. If equipment is damaged due to a spill, the student to whom the beverage belongs will be held responsible for replacement and/or repair.

Please remember to take short breaks to maintain consistency in the learning process and prepare for the work environment. Please speak quietly so that other students will not be disturbed. Please keep the Break Area neat and tidy and throw out all personal refuse.

3. Once it is established that the student has met all admission requirements:
 - a. The Admissions Representative will prepare and review the enrolment contract and all relevant policies with the student.

CREDIT FOR PRIOR LEARNING (CPL) TRANSFER POLICY

This policy outlines the criteria and procedures under which students may receive academic credit for previously completed formal education at recognized institutions. It is intended to support a transparent and consistent process aligned with post-secondary academic standards.

This policy applies to students seeking credit for formal, transcript-supported learning completed at PIMT or other recognized post-secondary institutions. It applies to individuals who previously withdrew from a program—whether at PIMT or another recognized institution—provided that the relevant courses were successfully completed, as well as to graduates who wish to apply previously completed coursework toward the requirements of a different program. PIMT does not recognize or grant credit for experiential or non-formal learning.

Students may be granted **Credit for Prior Learning (CPL)** where it is demonstrated that the previously completed course is equivalent in content and level to a PIMT course. Only formal, accredited coursework is considered. All credit must be documented by official transcripts and supported by course outlines or institutional catalogues.

Policy Provisions

- Applications for CPL must be submitted at the time of initial enrolment in a PIMT program.
- Approved credits will be noted on the student's PIMT transcript, and the program duration and tuition will be adjusted accordingly.
- Applicants must provide an official transcript verifying successful completion of the relevant course(s), along with a catalogue description or course outline that demonstrates equivalency in content to a PIMT course.
- Only full subject credits are granted. Partial course credit is not awarded under any circumstances. All credit transfers must correspond to full academic courses that meet the content, instructional hours, and assessment requirements outlined in this policy.
- The assessment criteria require that each course considered for credit must have been completed with a minimum **final grade of 75%** and must closely align with the corresponding PIMT course in both content and learning outcomes.
- Credit transfer may not exceed **50% of the total program hours**
- Courses must have been completed within the **past two (2) years** to be considered for credit.

Exceptions and Appeals

- In exceptional circumstances, the Campus Designate may approve credit outside of standard provisions. Where applicable, students may be required to complete a challenge exam to demonstrate that their prior coursework meets the learning outcomes of the corresponding PIMT course.
- Students may appeal denied applications or decisions regarding credit through the regular PIMT student dispute resolution process.

Responsibility, Review, and Distribution

The Designate is responsible for the implementation and ongoing administration of this policy. The policy shall be reviewed periodically and revised as necessary to ensure alignment with academic standards, regulatory requirements, and institutional needs. It must be communicated clearly to all prospective and current students at the time of admission and made publicly available through appropriate institutional materials.

ATTENDANCE POLICY

PIMT expects students to attend classes regularly and to be punctual throughout their program of study. This includes participation in all scheduled lectures, clinic, classroom activities, quizzes, tests, and examinations.

Attendance Expectations

Students are required to attend all scheduled classes, arrive on time and notify the College prior to class start time if they expect to be late or absent.

Maintaining satisfactory academic progress requires consistent attendance and timely completion of coursework, assessments, and program milestones.

Documentation Requirements

All absences are recorded, regardless of reason.

Students may be required to provide documentation to support absences, including but not limited to:

- a physician's note for illness
- documentation of a personal or family emergency
- The College may, at its discretion, waive documentation requirements when circumstances reasonably prevent submission.
- Documentation may be required for assessment of "reasonable excuse" under StudentAid Alberta withdrawal policies.

Minimum Attendance Requirements

Students must meet the minimum weekly attendance requirements regardless of funding source; all students are required to attend at least 20 hours per week to remain in compliance.

A student will be withdrawn from the College if they:

- A student has missed five consecutive class days without contacting the institution, before or during the absence, to provide a reasonable excuse. In this case, the effective date of the student's withdrawal is the first of the five days that the student was absent.
- A student with a reasonable excuse is absent more than 30 consecutive days. In this case, the effective date of the withdrawal is the first day during this period that the student was absent.
- A student has excessive absences that will prevent them from successfully completing their program within the scheduled study period. In this case, the effective date of the student's withdrawal is the last day that the student was in attendance.

Attendance Probation

- A student may be placed on attendance probation if:
 - there is a recurring pattern of absenteeism or lateness, or
 - poor attendance is combined with unsatisfactory academic progress.
- Conditions of probation will be documented and provided to the student in writing.
- Failure to meet probation requirements may result in dismissal.

The College is required to report attendance irregularities, excessive absences, changes in enrolment status, and withdrawals to funding agencies. Funding agencies may impose additional attendance or reporting requirements beyond those contained in this policy.

Return After Dismissal or Withdrawal

- A student dismissed due to attendance or classified as withdrawn may not return under the same enrolment contract.
- Students seeking to re-enroll must sign a new student contract.
- Students requiring additional funding must reapply to StudentAid Alberta or any other applicable funder.

ACTIVE PARTICIPATION & ACADEMIC STANDING

To succeed in your program and remain eligible for Alberta Student Aid funding, you must stay actively involved in your studies and maintain satisfactory academic progress. This section explains what that means and what is expected of you as a student at PIMT.

Satisfactory Academic Standing

You are expected to:

- Complete all courses and program requirements within your contracted study period.
- Attend classes regularly and participate in all scheduled learning activities.
- Submit assignments, write exams, and meet all course deadlines.
- Maintain steady progress through your program according to your Program Schedule.

If you fail or miss a course, you will be required to repeat it.

Active Participation Requirements

Active participation means taking part in your program every week. You must:

- Attend **at least 80%** of all scheduled instructional hours.
- Not be absent for **15 consecutive calendar days**.
- Participate in a minimum of **12 hours per week** in online or blended-learning programs.
- Attend all required labs and clinicals.
- Stay on track with course readings, assignments, and assessments.

If you are unable to attend class, you must inform the Campus Administrator or your instructor as soon as possible (within 24 hours) and provide documentation when requested.

Monitoring Attendance & Online Activity

Your attendance and online activity are monitored to ensure you are participating consistently. This includes:

- Daily attendance taken by instructors.
- Tracking your activity on the Canvas Learning Management System (LMS) when applicable.

Activity that appears irregular—such as multiple logins from different locations, unusually fast completion of coursework, or signs that someone else may be completing your work—may result in a review and possible disciplinary action.

You may be asked to confirm your identity during assessments using ID checks or proctored exams. Refusal to participate may lead to removal from the program.

Alberta Student Aid Requirements (if applicable)

To keep your Alberta Student Aid funding, you must:

- Stay enrolled full-time.
- Meet the College's attendance and academic progress requirements.
- Let both the College and Alberta Student Aid know if you:
 - withdraw or change programs,
 - reduce your course load,
 - experience changes in income, family status, or contact information.

If you stop participating, funding may be cancelled, and you will be required to repay the money you received.

Consequences of Not Meeting Requirements

If you do not meet attendance or academic requirements, the College may:

1. Issue a warning
2. Place you on academic or participation probation
3. Restrict access to online systems or practicum placements
4. Dismiss you from your program

The College is also required to report loss of participation or withdrawal to Alberta Student Aid.

Withdrawal & Last Day of Attendance

You are considered withdrawn if:

- A student has missed five consecutive class days without contacting the institution, before or during the absence, to provide a reasonable excuse. In this case, the effective date of the student's withdrawal is the first of the five days that the student was absent.
- A student with a reasonable excuse is absent more than 30 consecutive days. In this case, the effective date of the withdrawal is the first day during this period that the student was absent.
- A student has excessive absences that will prevent them from successfully completing their program within the scheduled study period. In this case, the effective date of the student's withdrawal is the last day that the student was in attendance.
- You submit written notice of withdrawal, or
- You are dismissed by the College.

Your **Last Day of Attendance (LDA)** is the last day you were actively involved in your studies and is used to determine tuition refunds and funding eligibility.

Your Responsibilities as a Student

You must:

- Communicate with the College about any issues that affect attendance or coursework.
- Stay up to date on emails and messages from the College and Alberta Student Aid (if applicable).
- Ensure your contact information is always current.
- Provide documentation (e.g., medical notes) when required.
- Take responsibility for any funding you receive, including repayment if eligibility changes.

ACADEMIC INTEGRITY AND MISCONDUCT POLICY

Commitment to Academic Integrity

PIMT is committed to the highest standards of academic honesty. Students are expected to complete all academic work with integrity, ensuring that assignments, projects, examinations, and other submissions are entirely their own unless collaboration is expressly permitted.

Academic misconduct undermines the learning process and the credibility of our programs. Any student found to have engaged in such misconduct is subject to disciplinary action under the College's Disciplinary Process.

Roles and Responsibilities

- Instructors must inform students of academic integrity expectations on the first day of classes and provide guidance on proper citation, referencing, and use of sources.
- Students are responsible for understanding and following academic integrity requirements. If unclear, students must seek clarification from their instructor or Faculty Advisor before submitting work.

Academic Misconduct – Definitions

Cheating

- Submitting another person's work as your own, or providing your work for someone else to submit as theirs.

- Failing to use quotation marks and reference sources for directly quoted material.
- Paraphrasing another's ideas without acknowledging the source.
- Using another person's style, manner of expression, or structure of work without attribution.
- Submitting AI-generated materials without disclosure, where such use has not been expressly permitted.

Plagiarism ranges from copying an entire assignment to using specific passages without acknowledgment.

Group Work

When group projects are assigned, all students must participate equally, and contributions should be documented. All group members share responsibility for the integrity of the submitted work.

Reporting and Investigation

Initial Action

If an instructor suspects academic misconduct, including plagiarism:

1. The instructor will take all reasonable steps to prevent academic misconduct in their courses and, if observing suspicious behaviour (e.g., copying, collusion) during an examination, will immediately warn the student(s).
2. The instructor will meet privately with the student to explain the concern and confirm it in **writing within 30 days** of discovery, maintaining complete confidentiality and ensuring no other students are made aware of the incident.
3. The instructor will advise the student not to submit any further work until the matter has been reviewed.
4. The instructor will clearly identify in writing which part(s) of the student's work are being reviewed, attaching or referring to relevant materials as evidence.
5. The Director of Academic Programs will be notified immediately.

Investigation Outcome

- If the allegation cannot be substantiated:
 - The work will be returned with a Pass or Fail grade as appropriate, and the student may continue in the course.
- If misconduct is confirmed:
 - The student will be notified in writing, with supporting evidence. The student will have one week to rewrite the assignment independently. At the instructor's discretion, this may be for partial credit, or the student may receive a grade of zero for the original work.
- First offence:
 - The student will be notified in writing, with supporting evidence. The student will have one week to rewrite the assignment independently. At the instructor's discretion, this may be for partial credit, or the student may receive a grade of zero for the original work.
- Serious first offence or second offence:
 - The student will receive a failing grade for the course and may be dismissed from further study at PIMT, pending a review of the facts.

Sanctions for Academic Misconduct

Depending on severity, one or more of the following may be applied:

- Written warning.
- Grade of zero for the specific work.
- Failing grade for the course.
- Academic probation.

The College actively maintains a safe campus environment. All students, faculty, and staff share responsibility for safety and are required to follow established procedures and report hazards or incidents to the appropriate campus representative.

Studying in Alberta

Study Permit

International students are required to apply for a study permit through Immigration, Refugees and Citizenship Canada (IRCC).

Visit: <http://www.cic.gc.ca/english/study/index.asp>

Work Permit

International students may be eligible for part-time work during studies; post-graduation work permit (PGWP) eligibility in Alberta varies by institution and program. Private colleges are not generally eligible for PGWP unless specifically designated.

For current work permit information, visit: <http://www.cic.gc.ca/english/study/work.asp>

Health Care Insurance (AHCIP)

- International students in Alberta with study permits valid for 12 months or longer are eligible to apply for the Alberta Health Care Insurance Plan (AHCIP).
- Students under 18 years of age must be added to the AHCIP account of a custodian.
- Students with study permits valid for less than 12 months may be eligible for AHCIP coverage if their application is accompanied by a letter from the school confirming enrollment and intent to reside in Alberta for at least 12 months.
- Students are eligible for coverage the moment they land in Alberta, though it may take time to receive the Alberta Healthcare Card. Services can be reimbursed retroactively.
- AHCIP covers basic health services but does not cover dental treatment or prescription drugs. Students should consider purchasing additional private insurance for extended coverage.
- For more information: <https://www.alberta.ca/ahcip-eligibility.aspx> and <https://www.alberta.ca/ahcip-temporary-residents.aspx>
- Institutions may also offer extended health and dental insurance via student unions or third-party providers (e.g., Guard.me, StudentCare, StudyInsured).

Housing

International students are responsible for securing accommodations. Institutional housing may be limited; many use off-campus resources such as:

Important Considerations:

- Choose a location accessible by transit and close to grocery stores and services
- Budget realistically including rent, utilities, internet, groceries, and transit
- Review lease terms carefully before signing
- Understand your rights under Alberta's Residential Tenancies Act
- Consider walkability and snow-clearing, especially for winter months

FINANCES

TUITION REFUND POLICY

Students are provided with a clear overview of all program fees during their initial meeting with the institution, ensuring they can make an informed decision before enrolling. Once enrolled, students are expected to follow the terms of their enrolment contract, including the agreed-upon payment plan.

If a student is considering withdrawing from their program or has concerns about their enrolment, they are encouraged to speak with the designated Campus representative as early as possible. Doing so allows the College to offer guidance, explore available options, and support the student in determining the best path forward.

If a student withdraws or is dismissed, the College is required to notify the appropriate parties and process any applicable tuition refunds in accordance with the institution's refund policy and relevant provincial legislation.

To remain in good standing, students must either pay their tuition and other fees on time or arrange an approved payment plan. Students who do not meet their financial obligations and do not make satisfactory arrangements may be suspended or dismissed; however, the College will make every effort to work collaboratively with students to find solutions before taking any action.

Refund Policy

Refund entitlement is calculated on the total fees due under the contract as described below.

Registration fee

14(1) Subject to subsection (2), a licensee may require a student to pay a registration fee of not more than \$500 before that person's vocational training begins.

(2) A licensee must not require or accept payment of

- (a) a registration fee in respect of a prospective student until that person has signed a student contract, or
- (b) any other tuition fee or any incidental fee in respect of a student or a prospective student before that person's vocational training begins.

(2.1) Despite subsection (2)(b), a licensee may accept a tuition fee referred to in that clause in respect of a student before that person's vocational training begins if the fee is paid by a third party approved by the Director.

(3) a licensee who receives a registration fee must credit the fee to unpaid tuition fees if the student commences the vocational training.

Cooling off period

15 Notwithstanding anything in this Regulation, if a student terminates a student contract on or before the 4th business day after signing the contract, the licensee must refund all tuition fees paid by or on behalf of the student.

Refund and retention of fees before training begins

16(1) If a student terminates a student contract before the vocational training begins, the licensee is entitled to retain any registration fee that has been paid, regardless of who paid it.

(2) The licensee shall refund any registration fees that have been paid if

- (a) a licensee terminates a student contract before the vocational training begins, or
- (b) subject to subsection (1), the vocational training does not begin on the commencement date set out in the student contract.

(3) The licensee shall refund any tuition fee that it has accepted pursuant to section 14(2.1) if the student contract is terminated before the vocational training begins.

Refund of tuition - after training begins

17(1) If a student contract is terminated after the vocational training begins, the licensee is entitled to the following amounts of the tuition fees:

- (a) when 10% or less of the vocational training has been provided, 25% of the tuition fees;
- (b) when more than 10% but 50% or less of the vocational training has been provided, 60% of the tuition fees;
- (c) when more than 50% of the vocational training has been provided, 100% of the tuition fees.

(2) If a licensee has received tuition fees in excess of the amount that the licensee is entitled to under subsection (1), the licensee must refund the excess amount.

(3) For the purpose of this section, vocational training provided by correspondence is provided as lessons are supplied, marked and returned to the student.

Abandoning provision of vocational training

18(1) A licensee abandons the provision of vocational training under its licence if the licensee stops providing the vocational training before it is complete and

- (a) there are student contracts for the vocational training that have not been terminated, or
- (b) all student contracts for the vocational training have been terminated but one or more of the contracts were, in the Director's opinion, terminated by the licensee so that the licensee would not be required to provide the vocational training.

(2) Notwithstanding sections 16 and 17, if a licensee abandons the provision of vocational training under its licence,

- (a) subject to subsection (5), the licensee must refund all tuition fees that have been paid in respect of the vocational training, and
- (b) section 11 applies if the licensee is unable or refuses to make the refund.

(3) A licensee is deemed to have abandoned the provisions of vocational training by correspondence if lessons cease to be supplied, marked and returned to the student.

(4) A licensee is not considered to have abandoned the provision of vocational training if the Director is of the opinion that the licensee is providing a means to enable a student to complete the vocational training without any disadvantage.

(5) This section does not require the refund of any tuition fees in respect of a student whose student contract is terminated

- (a) by the student before the licensee abandons the provision of vocational training, or
- (b) by the licensee before the licensee abandons the provision of vocational training where the termination was made because the student was expelled or for non-payment of fees.

Payment of refunds

21(1) Subject to subsection (2), a refund of a student's tuition fees or incidental fees must be paid

- (a) to the student, or
- (b) in the case of a student who has an outstanding student loan in respect of the vocational training for which the refund is being provided, to the lender that made the student loan.

(2) If a licensee received payment of a student's tuition fees from a government, agency or person other than the student, any refund of those tuition fees must be paid to the government, agency or other person.

(2.1) A refund under section 16(2)(a) must be paid to the third party referred to in section 14(2.1) to the extent that that party paid the tuition fees.

(3) If a licensee is required to refund any tuition fee or incidental fee, the refund must be paid not later than the earlier of the following:

- (a) 30 days from the day the student contract is terminated;
- (b) the time period specified in an order of the Director.

(4) Where a licensee is required by or under the Act or this Regulation to refund any tuition fee, the Director may in writing order a refund by the licensee of any incidental fee within the time specified in the order.

SEXUAL MISCONDUCT POLICY

Purpose and Commitment

PIMT is committed to providing a safe, respectful, and supportive environment for all students, instructors, and staff. Sexual misconduct in any form will not be tolerated. This policy addresses both prevention and response to sexual misconduct, and it applies to all members of the institutional community.

The institution is committed to:

- Preventing sexual misconduct through awareness, education, and clear rules of conduct.
- Responding promptly, fairly, and effectively to all complaints and reports of sexual misconduct.
- Ensuring that complainants are supported and that respondents are treated with fairness.

This policy will be provided to all students prior to the start of their program. It will be posted prominently on the institution's website, displayed in campus reception areas, and included in student materials.

Definitions

Sexual misconduct includes, but is not limited to:

- Sexual assault
- Sexual exploitation
- Sexual harassment
- Stalking
- Indecent exposure
- Voyeurism
- the distribution of a sexually explicit photograph or video of a person to one or more persons
- other than the person in the photograph or video without the consent of the person in the photograph or video and with the intent to distress the person in the photograph or video
- The attempt to commit an act of sexual misconduct
- The threats to commit an act of sexual misconduct

Employee sexual misconduct also includes:

- Any sexual relations, touching, or remarks of a sexual nature by an employee toward a student, or by a student toward an employee, where it constitutes a criminal offence, a violation of the Human Rights Code, or a breach of institutional policy.
- Reprisals or threats of reprisals for rejecting sexual advances.

Prevention Measures

The institution will:

- Provide students and employees with education and training on sexual misconduct prevention and response.
- Require instructors, staff, and administrators to maintain professional boundaries with students.
- Require external organizations hosting students (e.g., practicum sites) to confirm compliance with applicable human rights and workplace safety legislation. This policy ensures compliance with the Private Vocational Training Act (Alberta).

Distinction Between Complaint and Report

Complaint: A disclosure of sexual misconduct where the individual seeks support, resolution, or accommodation, but does not request a formal investigation.

Report: A formal notification requesting that the institution take action, which may include investigation and disciplinary measures.

A student may make a complaint without being required or pressured to file a report.

Process and Timelines

The institution will follow the process and timelines set out in its Dispute Resolution Policy to ensure that all complaints and reports of sexual misconduct are addressed promptly, fairly, and within established timeframes.

Complaint Procedure (Informal)

Any student may submit a complaint in writing to the designated campus contact (see Section 11 – Contact Information). Complaints may also be received by a Designate if the primary contact is unavailable.

Complainants will be provided with:

- Options for resolution.
- Access to academic or safety accommodations (e.g., class changes, extensions, alternative study methods).
- Referrals to counselling and community supports.

Report Procedure (Formal)

Any student or employee may file a report in writing with the designated contact. Upon receipt of a report, the institution will:

1. Determine whether an investigation should proceed and if the complainant wishes to participate.
2. Decide who will conduct the investigation, based on the seriousness and parties involved.
3. Consider whether immediate referral to the police is required.
4. Implement interim measures as appropriate (e.g., suspension, schedule changes, restricted access).

Investigation Process

If an investigation is initiated:

- The complainant and respondent may have a support person present.
- The investigator will:
 - Interview the complainant to document the full allegation.
 - Inform and interview the respondent, providing a full opportunity to respond.
 - Interview witnesses and review relevant evidence.
- Both parties will receive reasonable updates during the process.
- At conclusion, the decision-maker (Campus Designate or Designate) will review all evidence, determine whether sexual misconduct occurred, and decide on disciplinary measures.

Disciplinary Measures

If misconduct is found, the institution may impose:

- Verbal or written warnings
- Suspension of an employee or student
- Expulsion of a student
- Termination of employment (mandatory for serious employee misconduct)
- Restrictions on access to premises or services
- Referral to law enforcement where applicable

For employees terminated due to sexual misconduct, re-employment at the institution is strictly prohibited.

Confidentiality

All information related to complaints and reports will remain confidential except where:

- There is an imminent risk of self-harm or harm to others.
- Legal reporting obligations apply.
- Procedural fairness requires disclosure.

Protection from Reprisal

It is a violation of this policy to retaliate against, or threaten retaliation against, anyone who makes a complaint, files a report, provides evidence, or participates in an investigation.

False complaints made in bad faith may also result in disciplinary action.
